King's College Associate Member Fee Schedule Terms and Conditions

CONTRACTUAL AGREEMENT

This annual Contractual Agreement entered into is for an Associate Membership at King's College for the "Contract Period", defined as either the first and second semester ("Academic Year") or one semester, by any student ("Member") wishing to have an Associate Membership at King's College whilst studying. This applies to the Contract Period and Members will not receive a refund of fees if they terminate early. First preference is to those studying at UQ as King's College is affiliated with UQ and operates to UQ's semester timetable. Students studying at other institutions who choose to have an Associate Membership at King's College must be aware that services offered may not be to the same level when timetables differ between universities, for example different meal times and/or study support.

MEMBERSHIP FEES

King's Orientation Programme Fee (compulsory): This is for 1st year students in semester 1 and runs in conjunction with UQ's first semester Orientation Week. The King's College "O Week" activity and accommodation expenses are included in the fees for new 1st year Members. New 1st year students are expected to attend.

The King's College Student Club ("KCSC") Fee is collected for KCSC by King's College and is non-refundable. The KCSC helps to promote a community spirit within King's College by means of cultural, sporting and social events.

The King's College Foundation Building Fund is a non-refundable annual fee per family. This is an optional fee and tax deductible and will be used to support the strategic building program.

A New Student Application Fee is payable once only on application to King's College and is non-refundable.

Postgraduates: Fees are as per the "King's College Associate Member Fee Schedule" for "Returning" students.

Fee structure and payment: Full information about the different fees payable is included in the "King's College Associate Member Fee Schedule", including payment due dates.

Interest: King's College reserves the right to charge interest on any overdue fees. The interest is set using the ANZ Bank's unsecured business overdraft rate.

FEE INCLUSIONS

Student Accident / Insurance Cover: Coverage for all sporting functions organised by King's College. Personal contents insurance is NOT INCLUDED and it is recommended that you take out your own insurance.

Academic Gown Hire: All Members are required to wear a black academic gown to formal dinners. The gown will be distributed to all students upon commencing at King's College and is to be returned prior to the departing at the end of each year, otherwise a replacement cost of \$100 will be charged.

Annual King's College Photo: All students will receive a copy of the annual photo.

Internet: Access to the internet is provided to support student's academic development at university. Use of the facility other than for academic purposes will impact the quality of the service. We reserve the right to withdraw service from disruptive computers and users as required to maintain the usability of the network. Students attending universities other than UQ must apply for a UQ Connect (Guest) Account to enable their IT access through the UQ server.

GOODS AND SERVICES TAX ("GST")

Where goods and services tax is, or is to be, imposed on King's College on anything supplied by King's College under this Contractual Agreement, including without limitation; rent, fees, non-refundable deposits, contingency fees, etc, King's College shall be entitled to collect that GST from the Member at the same time as payment for the Fees, or in such manner as King's College may stipulate including the payment by the Member to King's College of any GST amount that may be imposed on King's College at a subsequent date.
